SUPERVISORS HOLD SPECIAL MEETING

The Board of Supervisors met in
special session Monday, June 29th,
there being present Jas. T. Casey,
John MacBain, Jos. M. Francis and
D. E. Blackburn.

In the absence of Chairman
Brown, Supervisor Francis was
chosen on motion of MacBain and
Blackburn to preside.

The reports of the three view-
ers who had been appointed to view
and lay out a new road from
Woodside through the lands of Fol-
ger and others was accepted on
motion of MacBain, seconded by
Blackburn.

The plans and specifications for
the grading of the same right of
way were presented by the surveyor
and accepted on motion of MacBain,
seconded by Blackburn, and the
clerk directed to publish a notice
calling for bids for the work.

District Attorney Swart stated
that he was about to present an or-
dinance requiring automobilists to
dim their lights for the purpose
of preventing accidents. The District
Attorney also stated that the
frequency of accidents in the county
and the failure of the officers to
apprehend those who are responsi-
ble for them had made it necessary
that some new regulation be adopt-
ed. He would suggest that all ma-
chines entering and leaving the
county on the north and south be
required to register. This would
give the officers a line and assist
in the detection of those who run
down pedestrians or drivers of
teams and leave their victims with-
out offering assistance.

The matter was submitted to the
board for consideration.

HORACE HAWES GYMNASIUM DEDICATED TO PUBLIC USE

Local history does not record
the dedication of the Horace Hawes
Gymnasium. There has been found,
however, among the musty and fading
records of the school district
of nearly a half century ago a
brief mention of the fact that in
August, 1865, the building was fit-
ted up with apparatus, the money
for the purchase of which, amount-
ing to \$60, was contributed by the
school children. This lack of dis-
play was in keeping with the char-
acter of Horace Hawes, who gave
generously but without ostentation.
Mr. Hawes possessed two very
pronounced and unusual eccentric-
ities, so it is said by those
who knew him; one was his un-
bounded liberality and the other
was his dislike for display. When,
after giving the people the old
school site his attention was drawn
to the fact that the children had no
place for shelter and amusement
during the winter season, he quick-
ly erected a building for them, pro-
viding that with the school ground,
it should always be used as a
place for the benefit and amuse-
ment of the children of the com-
munity.

Last Friday night there took
place in the old building its re-
dedication in which was embodied
the pledge of the people to carry out
the wishes of the late Mr. Hawes,
expressed nearly fifty years ago.

The gymnasium, recently renovated
and rehabilitated by a committee of
ladies, was crowded with local citi-
zens. The larger part of the
building which has been set apart
as an auditorium was brightened up
by bits of green and red through-
out, relieving the noticeable whiteness
of the walls.

L. P. Behrens, as chairman of
the evening, introduced the vari-
ous speakers, and indicated in the
course of his remarks that this
dedication of the gymnasium might
possibly mark an epoch in the his-
tory of Redwood City. Chas. Blane-
ney, member of the Highway Com-
mission, spoke on "Civic Better-
ment." He mentioned particu-
larly the help that had been extended
by the Commission by the Supervisors
of our county and the fine roads
that are to be built and have been
built. In all plans for civic bet-
terment, the one great work is co-
operation.

Mr. Carrington's singing of
"When Dreams Come True," was
much appreciated.

To represent the physical side,
the committee had quite appropri-
ately secured as speakers Wilfred
Maloney, physical instructor
and athletic director of Stanford
University, and Dr. Chapin. Mr.
Maloney discussed the need of prac-
tical systematic exercise under
competent supervision. He said: "A
good gymnasium is the greatest
asset a community can have. A
person well balanced physically and
mentally is pretty sure to be good
morally. Dr. Chapin mentioned the
need of healthy bodies to throw off
infections.

In the course of his remarks,
Rev. David Crabtree said, "I should
rather prefer to be present
at the dedication of a building of
this sort carried out in theory than
at the dedication of a church, and
that is putting it pretty strong for
a pastor to say it." At the close
of his remarks, he offered the ded-
icatory prayer which was in part
as follows: "We thank Thee, our
Heavenly Father that this commit-
tee of women has undertaken the
refurnishing of this gymnasium.
We thank Thee for the public gen-
erosity that has enabled them to
carry out that purpose and we pray
that that purpose may be realized
in the future welfare of the com-
munity. We thank Thee for the
impulse of its planning and the
possibility of its early completion
and we here and now dedicate and
consecrate this building to the
glory of God and the service of
mankind."

A union orchestra volunteered its
services for the dance that followed.
There is nothing very definite to
promise for the work of the gym-
nasium at present; everything will
depend on later developments. Many
features are being planned, among
which are systematic exercises and
classes for people of various ages
and occupations, and a kinder-
garten. The two reading rooms will
be thrown open to the public at
once. W. H. Brown will be in charge.

Chauffeur Arrested for Battery

Theodore Remmer, a chauffeur
employed by J. S. Silverberg of El
Cerrito, was served with a war-
rant Monday charging him with bat-
tery. The warrant was issued by
Justice of the Peace H. W. Lamp-
kin on complaint of Arthur Roller,
a Palo Alto undertaker, who claims
Remmer assaulted him on the La
Honda grade after a dispute over
right-of-way.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

For U. S. Senator,
 SAMUEL M. SHORTRIDGE.
 For Governor,
 JOHN D. FREDERICKS.

THE ONE GREAT DAY.

To the true American citizen, whether he be native-born or naturalized, today will stand forth as the greatest day of the year. For this one day at least, commercialism must give way to patriotism. For this day the busy hum of the counting house, the rush of the commercial establishment, the noise of the factory, the weary plod of the laborer, will cease while the nation celebrates the anniversary of its birth and rejoices in its wonderful achievements. For the lasting prosperity of the nation it is well that the day should be thus universally observed. It is well that all should pause from the pursuit of personal gain, that we should for this one day lay aside the selfish struggle for individual ascendancy and review the inspiring history of our national progress. In no other way can we as well learn those lessons of true patriotism upon which the nation must rely for the sustaining of the splendid position which it has so rapidly attained in the affairs of the world.

THE MAN OF THE HOUR.

That the Republican party will be returned to the control of the affairs of the State of California at the November election seems now to be a foregone conclusion. In almost every section of the state the registration returns indicate that a vast majority of the voters

importance, and the problems confronting the community have become so complex and numerous that other departments of the local government have been literally overwhelmed. The district attorney's office, under the splendid executive management of Capt. Fredericks, has risen superior to every emergency and was especially triumphant in one of the greatest crises that ever confronted a district attorney in the United States.

His administration throughout has been aptly described by the Woman's Republican League in a recent endorsement as "able and impartial," and his public and private life as "free from the taint of any demagoguery or attempt to appeal to class hatred." From his speeches delivered thus far in the campaign we could quote at length to show that he is peculiarly qualified for the position of governor and will fill every expectation of his fellow citizens and be loyal to the highest interests of California.

Captain Fredericks believes that the fundamental principles of the Republican party are the best that have thus far been formulated for the government of this country and that real substantial progress can be achieved through that party. He is essentially a man of the people. He is as familiar with the implements of the farm as with the instruments of the courts. When the Young Republicans sought him to urge upon him the duty he owed to the people and finally won his consent to become a candidate for governor, they found him working upon the broad acres of his ranch beneath the canopy of the heavens.

A striking contrast between Capt. Fredericks and Governor Johnson may be found in their respective attitudes on woman's suffrage. When woman's suffrage was a serious political issue in California, Capt. Fredericks appointed in his office the first woman deputy district attorney in the United States. He made speeches advocating the adoption of Senate Constitutional Amendment No. 8, permitting women to vote, when Johnson was advocating recalls, initiatives and referendums but observed

The First Principle Of the Salaried Man Should Be-- TO SAVE

It is possible that luck may play an important part in the quick making of fortunes, but it has nothing to do with fortunes accumulated from the savings of labor.

A bank account, however, will be of assistance and the young man or woman who will take this method of saving from his or her salary will eventually reach the desired goal.

This bank welcomes the accounts of those people who are working on salary and have a desire to save a part of it. We pay 4% compounded every six months.

CAPTAIN JOHN D. FREDERICKS

who two years ago were led astray by false promises and the alluring cry of "reform" have discovered the error of their ways and are returning to their party allegiance. With these figures as a guide it is a safe prediction that the Republican majority this year will be a decidedly substantial one. At the same time it is essential, if the victory is to be as marked as it should be, that the man selected to head the ticket should be an exceptionally strong one—a man not alone of unquestioned public and private probity, but one of recognized public ability. It matters not what section of the state he may hail from, provided only that his record be such as to command the confidence of the people in his executive ability and honesty of purpose.

The Times-Gazette believes that Captain John D. Fredericks of Los Angeles most thoroughly meets these important qualifications, and for this reason endorses his candidacy for Governor. While as yet but few of the Republican papers of the northern portion of the state have announced their stand on this important question, we believe that as the campaign progresses a very considerable majority of the leaders of public opinion will recognize the splendid qualifications of Captain Fredericks and rally to his support.

In Captain Fredericks the Republican party would have a candidate at the head of its ticket who has already commanded nation-wide attention. For twelve years as district attorney of Los Angeles county he has met the most brilliant legal talent and proven conclusively that Los Angeles county is an unsafe place for evil-doers, but a place where life and property are secure and where law-abiding, peaceful, home-loving people can pursue their avocations in safety. At the same time, we find in this able prosecutor, who has enforced the laws without fear or favor, a man of the deepest sympathies, a friend of the friendless, a man in sympathetic touch with all walks of life.

That he is a man of marked executive ability is proven by his conduct of the office which he has held for the past twelve years. During that time the city and county of Los Angeles has grown rapidly in population and commercial

an impenetrable silence that no woman could break on the subject of woman's suffrage.

Protection for Our Game.

The Initiative and Referendum are being used for commercial purposes in this State by certain promoters of a statute to permit the sale of all game including deer and quail.

The commission men and French restaurant keepers of San Francisco are the parties most interested. If the plans of these two commercial interests carry, the wild game will disappear very quickly from within the borders of this State.

The federal government and neighboring States have passed protective laws and all the States bordering on California have enacted the "No-Sale" of game laws. Deer have not been sold in the market since 1893 and quail have not been sold since 1901, but the initiative petition is now being circulated by the larger hotels, restaurant keepers and commission men to place all our game on sale and allow it to be slaughtered by the market hunters.

The attention of the public is called to this matter so that they will not sign the initiative petition, which is now being circulated and, if carried, would be a step toward the State of California.

Will you not call the attention of your neighbors to this commercialization of the election law and to the sure obliteration of quail, deer and other game if the city hotels, restaurant keepers, commission men and market hunters are successful in accomplishing their ends.

A movement has been started to organize a night school in this city. There are a large number of young men who desire to increase their education and others of foreign birth who want to learn English. It is said that over twenty will be enrolled as students. The expense of the school must be born by the public.
